I had to go back with my paystubs 4 times before I was finally able to close on loan. Little annoying that I had to take time out of my busy life to come to the dealership 4 times after I signed my papers and left with the truck.

At McDonald Toyota Greeley, we offer competitive financing rates and terms on our great selection of new and used trucks, cars, and SUVs. Whether you're interested in car leasing, auto loan financing, or used car finance, our team of experts is here to help you find the best options tailored to your needs and budget.

Car Leasing

Car leasing is an excellent option if you enjoy driving a new vehicle every few years. With a lease, you can experience the latest models and features without committing to a long-term purchase. Our car leasing programs offer:

- Compared to purchasing, car leasing often results in lower monthly payments, making it an affordable option for many Fort Collins drivers.
- Choose from various lease terms that fit your driving habits and financial situation.
- Leased vehicles typically come with comprehensive warranties, reducing out-of-pocket costs for maintenance and repairs.

Auto Loan Financing

For those looking to own their vehicle, auto loan financing is a great choice. Our finance team will work with you to secure the best loan terms, ensuring affordable monthly payments and competitive interest rates. Benefits of auto loan financing include:

- With each payment, you build equity in your vehicle, which can be a valuable asset.
- Unlike leases, auto loan financing does not come with mileage restrictions, giving you the freedom to drive as much as you want.
- Once the loan is paid off, you own the vehicle outright, giving you full control over its future.

Used Car Finance

Buying a used car is a smart way to save money while still getting a reliable vehicle. Our used car finance options are designed to make this process as smooth as possible. Highlights of our used car finance programs include:

- Used cars typically have a lower purchase price compared to new vehicles, making them more affordable.
- We offer a range of used car finance options to fit your budget and credit situation.
- Our certified pre-owned vehicles undergo rigorous inspections to ensure quality and reliability.

Why Choose McDonald Toyota Greeley for Your Car Financing Needs?

- **Flexible Financing Options:** Each Loveland customer has unique financial needs. That's why we offer a variety of car leasing and auto loan financing options to ensure you get the best deal.
- **Competitive Rates:** Our partnerships with multiple financial institutions allow us to offer competitive rates for both new and used car finance. This ensures you receive the most favorable terms available.
- **Fast Approval Process**: Our streamlined approval process for auto loan financing and car leasing ensures you can get behind the wheel of your new vehicle without unnecessary delays.
