More About Toyota on Western of Chicago

New Toyota Inventory

Check out the latest Toyota models at our dealership showroom. From the efficient Toyota Corolla to the versatile Toyota RAV4 and the powerful Toyota Tundra, we have options to fit every lifestyle and budget. Our knowledgeable sales staff is ready to help you find the perfect new vehicle, whether you're coming from nearby Cicero or Elmhurst, IL.

Quality Used Vehicles

In addition to our new inventory, Toyota on Western offers a wide selection of high-quality used cars, trucks, and SUVs. Every pre-owned vehicle is thoroughly inspected to ensure it meets our strict standards before being listed for sale. Find a great deal on a reliable used ride at our Chicago, IL dealership, conveniently located for shoppers from Oak Lawn and Calumet City.

Convenient Auto Financing

Once you've found your ideal vehicle, the finance experts at Toyota on Western are here to help you secure an affordable auto loan or lease. We work with a network of trusted lenders to find you the most competitive rates and terms. Even if you have less than ideal credit, our team will explore every option to get you approved. We make it easy for customers from Hodgkins, IL and all over Chicagoland to get behind the wheel of their dream Toyota.

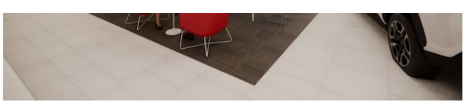

Expert Service & Genuine Parts

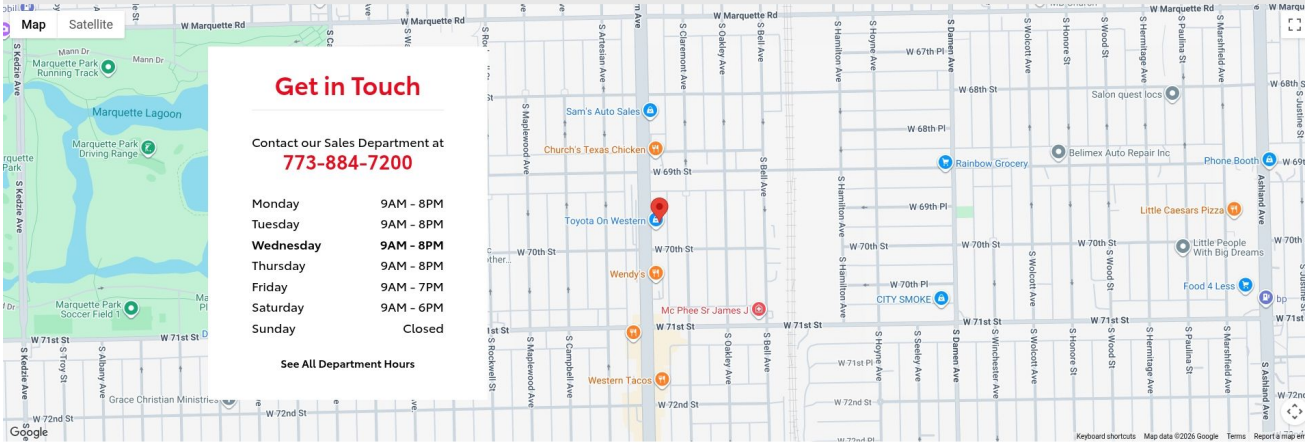

Keep your Toyota running like new with the certified service technicians at our dealership's service center. From routine maintenance like oil changes and tire rotations to more complex repairs, we have the parts, skills and equipment to properly care for your vehicle. Schedule your service appointment online or by phone, and trust Toyota on Western for all your auto maintenance needs in the Chicago area.

Get the Ball Rolling at Toyota on Western

Experience the commitment to customer satisfaction that sets Toyota on Western apart from other dealerships in Cicero, Calumet City, and Hodgkins. Visit us today to browse our inventory, discuss financing, or bring your vehicle in for service. We look forward to serving you!

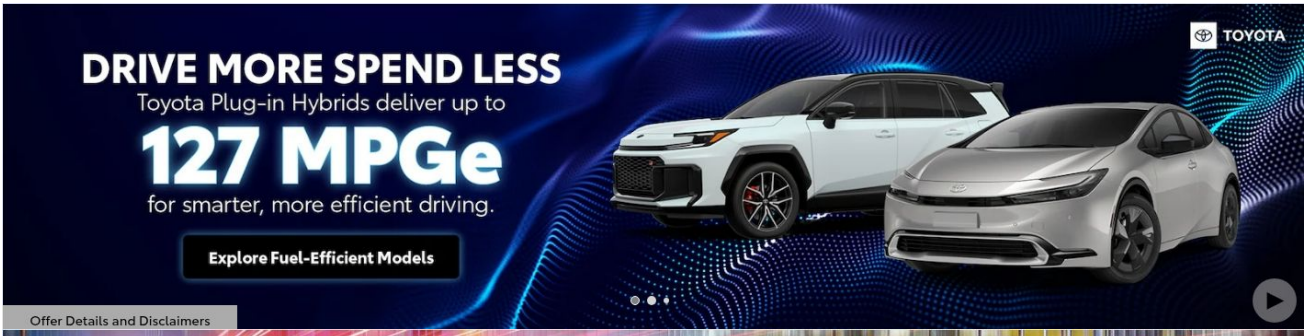

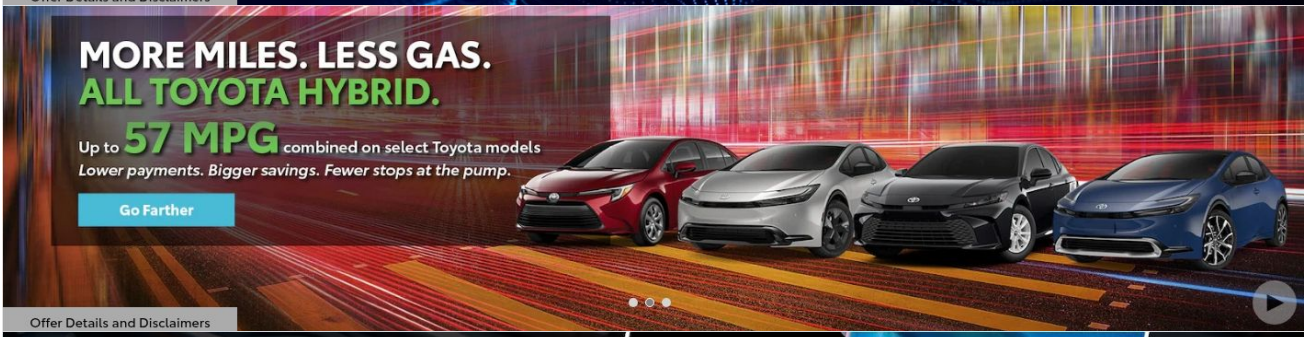

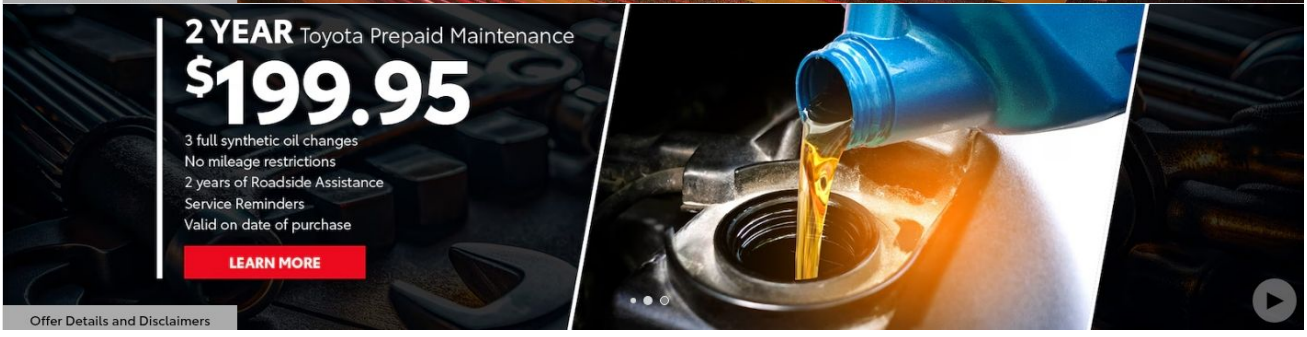

Everything You Need at Toyota on Western in Chicago, IL

Whether you're in the market for a brand new Toyota, a reliable pre-owned vehicle, or expert service for your current ride, Toyota on Western has you covered. Toyota on Western is proud to serve the automotive needs of Chicago, IL and the surrounding areas, including Elmhurst, Calumet City, and Hodgkins.

KBB.com Consumer Reviews

4.0 out of 5 overall ★★★½☆

4.0 **Serious Infotainment Issues. Otherwise Perfect**
by Maine jo | 8/28/2026 10:07:41 PM

Just as the title says, some serious issues with the infotainment system, like taking a while to connect to the phone even with a cable. Has trouble with Bluetooth and changing from one phone to the next. Phones are not labeled, only as iPhone, iPhone 2 etc. making figuring out which one to use confusing. Otherwise car is perfect.

5.0 **2026 Toyota Corolla LE - White**
by 26 Rolla | 8/22/2026 4:33:11 PM

There's alot of trims but the le in my opinion is the best trim which is what I currently own! It comes with the 2.0 4 cylinder instead of the smaller 1.8 like before which before u had to spend more money for the se just to get the bigger 2.0 engine! it has a regular ignition instead of a push button start that's easy to steal and more complicated. No sunroof that can leak and heat up the car, comfortable cloth manual seats that'll last. Hubcaps that are cheap to replace, simple interior, buttons and knobs for the volume and A/C, it has a mechanical shifter instead of a stupid button, the CVT transmission has a 1st gear and it's made more durable then the average cvt, think about it Toyota has been making cvt transmissions since the Prius came out in the 90's, the e cvt in the hybrid is a really good transmission as well! But I prefer simple gas cars since that's what I always had and never had any problems, the digital speedometer is pretty nice although I prefer a analog speedometer. Comes with led lights from the factory with auto high beams, and best of all cruise control with lane assist so basically auto pilot! This is just my opinion, there's plenty of models and trims for everybody, get one that you like!
Show less

4.0 **Slow Uptake, Annoying Storage Issues**
by Anonymous Reviewer | 6/21/2026 6:04:22 AM

I loved my 2021 Corolla Hybrid -- everything but the uncomfortable front seat. I particularly liked the powerful acceleration a hybrid offers. I just bought a '26 non-hybrid Corolla LE and am already a bit disappointed. Once again, the driver's seat is uncomfortable. Worse, the acceleration seems sluggish (and potentially dangerous), as well as very noisy compared to the hybrid. Also, mysteriously, this model, unlike the hybrid, has less interior storage room; there are no handy storage units attached to the backs of the front seats, and no room for maps or anything else in the side pockets on the doors. (There's supposedly room there for bottles, but it's as the traditional map pockets were deliberately misshaped to make them useless for ordinary storage.) I say "mysteriously" because eliminating these simple, convenient storage areas certainly could not have saved Toyota any money.

4.0 out of 5 overall

4.0 **Serious Infotainment Issues. Otherwise Perfect**
by Maine jo | 8/28/2026 10:07:41 PM

Just as the title says, some serious issues with the infotainment system, like taking a while to connect to the phone even with a cable. Has trouble with Bluetooth and changing from one phone to the next. Phones are not labeled, only as iPhone, iPhone 2 etc. making figuring out which one to use confusing. Otherwise car is perfect.

5.0 **2026 Toyota Corolla LE - White**
by 26 Rolla | 8/22/2026 4:33:11 PM

There's alot of trims but the le in my opinion is the best trim which is what I currently own! It comes with the 2.0 4 cylinder instead of the smaller 1.8 like before which before u had to spend more money for the se just to get the bigger 2.0 engine! it has a regular ignition instead of a push button start that's easy to steal and more complicated. No sunroof that can leak and heat up the car, comfortable cloth manual seats that'll last. Hubcaps that are cheap to replace, simple interior, buttons and knobs for the volume and A/C, it has a mechanical shifter instead of a stupid button, the CVT transmission has a 1st gear and it's made more durable then the average cvt, think about it Toyota has been making cvt transmissions since the Prius came out in the 90's, the e cvt in the hybrid is a really good transmission as well! But I prefer simple gas cars since that's what I always had and never had any problems, the digital speedometer is pretty nice although I prefer a analog speedometer. Comes with led lights from the factory with auto high beams, and best of all cruise control with lane assist so basically auto pilot! This is just my opinion, there's plenty of models and trims for everybody, get one that you like!

4.0 **Slow Uptake, Annoying Storage Issues**
by Anonymous Reviewer | 6/21/2026 6:04:22 AM

I loved my 2021 Corolla Hybrid -- everything but the uncomfortable front seat. I particularly liked the powerful acceleration a hybrid offers. I just bought a '26 non-hybrid Corolla LE and am already a bit disappointed. Once again, the driver's seat is uncomfortable. Worse, the acceleration seems sluggish (and potentially dangerous), as well as very noisy compared to the hybrid. Also, mysteriously, this model, unlike the hybrid, has less interior storage room; there are no handy storage units attached to the backs of the front seats, and no room for maps or anything else in the side pockets on the doors. (There's supposedly room there for bottles, but it's as the traditional map pockets were deliberately misshaped to make them useless for ordinary storage.) I say "mysteriously" because eliminating these simple, convenient storage areas certainly could not have saved Toyota any money.

4.3 out of 5 overall ★★★★½

5.0 **Modern Power, Timeless 4Runner Toughness**
by Kirby | 1/28/2026 4:01:49 AM

After putting just over 13,000 miles on my 2025 Toyota 4Runner TRD Off-Road Premium with the 2.4L turbocharged four-cylinder hybrid, I can confidently say this is the most well-rounded and refined 4Runner Toyota has ever built. The hybrid powertrain completely transforms the driving experience, delivering immediate torque that makes city driving, highway merging, and passing effortless while still feeling smooth and composed rather than overly aggressive. The transition between electric and gas power is seamless, and the added efficiency is noticeable without sacrificing the rugged, body-on-frame character that defines the 4Runner. On the road, it feels more planted and comfortable than previous generations, with improved ride quality and reduced noise, yet it never loses its solid, overbuilt feel. Off-road, the TRD Off-Road Premium trim remains extremely capable, with crawl control, multi-terrain select, and a locking rear differential working especially well with the hybrid's low-end torque to provide excellent control in rough or uneven terrain. The interior strikes a smart balance between modern technology and durability, with intuitive controls, reliable infotainment, and comfortable SofTex seating that holds up well to daily use. After thousands of miles, the truck still feels tight, well-assembled, and confidence-inspiring, with no rattles or issues to note. It's not a luxury SUV or a performance vehicle, but it doesn't try to be. This vehicle is a dependable, capable, and thoughtfully modernized 4Runner that feels built for long-term ownership, and one I would absolutely choose again.

Notes from the dealer

Don't miss this great Toyota!

Both practical and stylish! Top features include heated front seats, front and rear reading lights, rain sensing wipers, and remote keyless entry. Smooth gearshifts are achieved thanks to the 2 liter 4 cylinder engine, and for added security, dynamic Stability Control supplements the drivetrain.

We pride ourselves in consistently exceeding our customer's expectations. Stop by our dealership or give us a call for more information.

Peace of mind

4.1 out of 5 overall

5.0 **I'm A Loyal Prius Driver!**
by Rosemary D | 7/31/2025 9:18:20 AM

This is my fifth Prius so far but this one is a real stylish upgrade from my others. I love the sleek look and performance. I am having a hard time keeping my mpg even up to 48 mpg. The seats are not nearly as comfortable as my past ones. I am sorry about the color choices not including any green but I absolutely love the blue. The stereo is still a difficult for me but it's worth having the upgraded sound system. Everything about is just perfect for me!
Show less

5.0 **So Glad I Bought This Car**
by Roxy | 7/6/2025 3:53:07 PM

I bought this car at the end of December due to my job location changing. I was hesitant because I live in an area with great public transportation, but now I am so glad I own a car. The Prius is very reliable, great with city driving, and AMAZING gas mileage! The 2024 Prius is very spacious and modern. I love the large display screen, moon roof, and all the sensors (makes parallel parking a breeze)
Show less

5.0 **A Nice Surprise!**
by Eric | 5/5/2025 1:31:24 PM

I test drove a 2025 Prius XLE, Mazda Miata, and Subaru Crosstrek after driving a Toyota 4-Runner for 5 years. I expected good reliability and was taken by surprise with the ride and roominess so I decided to purchase one. I've been driving it for 3 months / 2,000 miles and absolutely love it! It handles like a sports car, taking on curvy backroads just as nicely as the Miata and with better acceleration. I'm 6-ft and find the fit is just right for me. Some reviews talk about an obstructed view of the instrument cluster but I find no problem with it. Limited headroom in the back is to be expected with the sleek design and I find it much better than sports cars of this size. The steering wheel and seat adjustment options take care of that. The hatchback design offers much more room than the Miata and it has 4 doors and a backseat. It has just as much storage as the Subaru, and much better performance and

comfort. The build quality feels solid for such a small car and I'm confident I will get many miles of low mpg reliability with this beauty (54 mph without really trying).

Notes from the dealer

Check out this 2026!

It delivers style and power in a single package! Turbocharger technology provides forced air induction, enhancing performance while preserving fuel economy. Top features include front bucket seats, a built-in garage door transmitter, a trailer hitch, and air conditioning. Smooth gearshifts are achieved thanks to the refined 6 cylinder engine, and for added security, dynamic Stability Control supplements the drivetrain. Four wheel drive allows you to go places you've only imagined.

Our sales reps are knowledgeable and professional. We'd be happy to answer any questions that you may have. Stop by our dealership or give us a call for more information.

Peace of mind

Factory warranty
36 months/36,000miles from the vehicle's original in-service date

KBB.com Consumer Reviews

5.0 out of 5 overall ★★★★½

5.0 **Love My Sequoia!**
by Starr | 3/26/2026 5:16:27 PM

We drove every single SUV on the market and compared all the prices. We got everything we wanted in the Sequoia! The value for the price outweighed all the smaller SUVs for the slightly lower price points. The trunk space is def. smaller compared to other SUV options but it works well and I have 3 little ones. I am 5 months in and I am getting about 18mpg. Love the interior and all the features of having a Capstone. Only complaint is the JBL speakers aren't loud enough for me & the screen is yearssssss behind Tesla- but that's not apples to apples. Overall, love it!
Show less

5.0 **Love Mine!**
by Roolou | 1/9/2026 2:54:00 PM

No the storage area doesn't bother me. I actually really like it because I keep my tire inflator, and some other stuff down on the bottom there with the whole second larger area to put things without moving things around. I did turn off the engine noise from the speakers. It has 2 extra speakers, so it's not the same JBL setup as in the other trims. The acoustics glass really does make a difference in the Capstone trim. Seat heaters work well when comparing to years prior for Toyota. White and black is actually easy to clean even with kids. Wish they would have kept it for 2026. I also must have the panoramic sunroof because in the PNW we barely get sunshine so when we do I want to see it.
Show less

5.0 **Excellent Power**
by Alani | 3/3/2024 3:42:58 PM

I love my Sequoia, it has massive power and easy to drive. I don't mind the trunk space, I am able to push the 3rd row of seat forward and hall what I need. After initial break in period I am getting 19 miles per gallon on average.

New Vehicle Specials

New Toyota Vehicle Specials In Chicago at Toyota on Western

Toyota has a long tradition of producing reliable vehicles that hold their value. There are several available, including the Crown Signia. Toyota has also redesigned several vehicles, including the Toyota 4Runner and Toyota Camry. Whether you're looking for a new or certified pre-owned Toyota, you can also find great deals on financing at our dealership near Oak Lawn and Cicero.

How to Get a Great Deal on a New Toyota

Visit your Toyota on Western in Chicago to explore our lineup of **new Toyota specials**. Do you need something bigger? A Toyota Tacoma or Toyota Tundra may be a great deal. There are a number of SUVs that might also suit your needs, including new hybrid options on the Toyota Highlander, Toyota Corolla Cross, and Toyota Grand Highlander. These hybrids can give you plenty of space without costing you a great deal in fuel.

Keep an eye on our website for specials. Financing deals, whether you're planning to purchase or lease, can include a lower interest rate or a higher trim level for a lower cost. Feel free to check back frequently as our specials and offers change monthly.

Benefits of Leasing Vs. Purchasing

If you're concerned about your budget but really need a bigger vehicle, one of the hybrids listed above can save you money at the pump. You can also review the timeline for how long you will need this larger vehicle. Do you have teenagers that will be driving soon? Leasing a larger Toyota for a short time can provide you with a new vehicle committing to a long-term contract. When your capacity needs are lower, you may choose to buy a smaller SUV or even a sedan.

A lease gives you more flexibility until you're sure of what you want to own. Start your search with a test drive; bring the family to make sure everyone has the space they need. The experts at Toyota on Western are excited to help you find the ideal Toyota for your household.

About Toyota on Western

Serving Drivers From All Over the Greater Chicago Area

Visit Chicagoland's trusted Toyota dealer for top-tier customer service and access to the best selection of vehicles around. At Toyota on Western, we work with you and for you. That starts with a helpful and knowledgeable staff that's committed to you and your driving journey in Chicago.

You can shop for your dream car, sell any vehicle, discuss leasing and financing options, order parts, or bring your Toyota in for quality service and repair work. All are possibilities at our Chicago Toyota dealership, located just a short drive from customers in Oak Lawn, Cicero, Elmhurst IL, Calumet City and Hodgkins IL.

Take a Look at Our New Toyota Models & Used Cars in Chicago

From the 4Runner, RAV4, and Highlander to the Camry, Sienna, and Tundra, our Chicago lot has options for Toyota enthusiasts. Find new Toyota cars, trucks, minivans, and SUVs near Orland Park. With SmartPath, you can put together your own deal. This is a new way to buy your dream Toyota in Chicago. We sell alternative fuel models and fuel-efficient vehicles appealing to Calumet City commuters heading to work in Chicago. Take the keys to a Toyota hybrid, plug-in hybrid, or all-electric vehicle today.

Peace of mind comes standard with every purchase, as Orland Park customers get ToyotaCare, a 2-year/25,000-mile no-cost maintenance plan. Our pre-owned inventory has options for Oak Lawn used car buyers. We even sell used cars under $20K in Chicago to help Bucktown customers on a budget.

Affordable Ways to Buy or Lease Your New Toyota on Western Avenue

Need help deciding between buying or leasing? The Toyota on Western finance center can help, and we provide affordable financing and leasing options. Apply for a car loan through our finance application. If Calumet City customers want to change their car payments, they can explore auto refinancing options with us. We're one of the few Chicago dealers to offer this helpful financing option. To help Cicero shoppers save money, we provide new vehicle specials and Toyota incentives, along with rebates for military and college grads.

Schedule Service with Chicago's Trusted Toyota Service Center

Open six days a week, our Toyota service center in Chicago keeps your vehicle in mint condition. We're experts on batteries, brakes, oil changes, and many additional services. Schedule service online today. Our tire center is a great resource for Toyota owners in need of new tires. It's easy for Hodgkins IL drivers to order Toyota parts online as they can restore or customize their vehicle. We even offer parts and service specials to help Chicago drivers save money on upkeep.

Visit Your Chicago Toyota Dealer on Western Avenue, Today

Get directions from Oak Lawn, Cicero, Elmhurst IL, Calumet City and Hodgkins IL to our Chicago Toyota dealership, located on South Western Avenue in the heart of the Windy City and near major interstates of I-94, I-57, I-90, and I-55, as well as Chicago Midway International Airport. Our friendly staff is waiting just a few blocks from Marquette Park. We're a top-rated Toyota dealer in Chicago for a reason!
