More About Towne Toyota of Ledgewood

How to purchase online

Here at Towne Toyota, we understand your time is valuable. That's why we provide options to make your next purchase or lease more convenient. If you prefer to do the process from home, you can start with a trade-in appraisal or a finance application. Once you select the vehicle you're interested in, you will have options to adjust your payments and purchase online. You can even get your vehicle delivered to your home! If at any point you decide you're more comfortable with one of our teammates by your side, we're here to help. Stop in any time we're open to pick up where you left off.

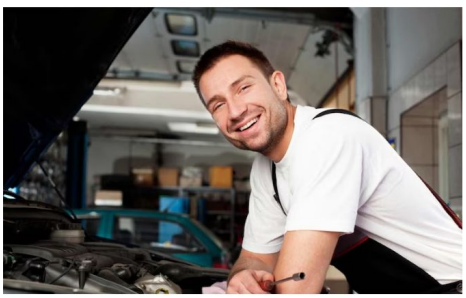

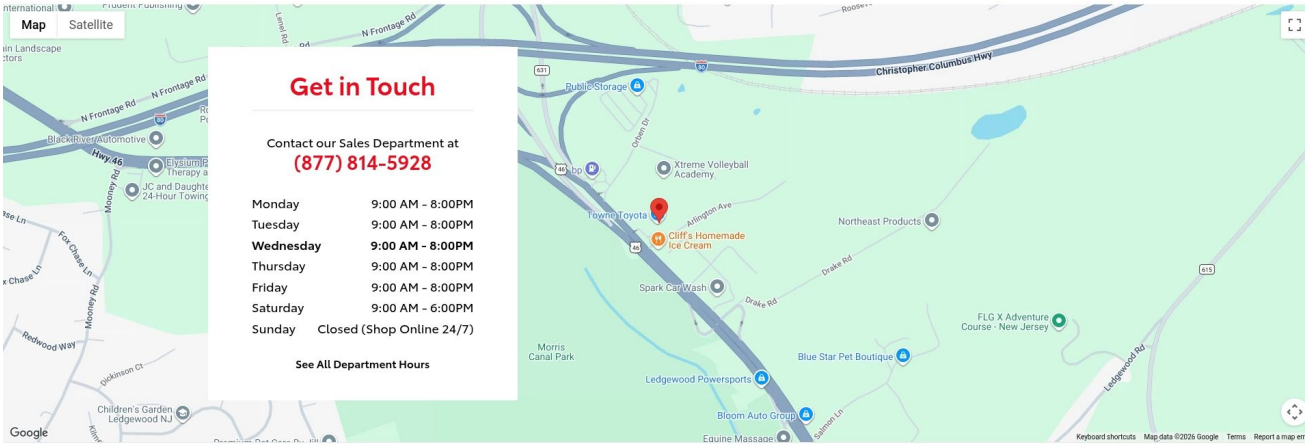

It is our mission to be the automotive home of drivers in the Ledgewood NJ area. We provide a vast selection of new and pre-owned vehicles, exceptional car care and customer service with a smile!

Speaking of new models, you have your pick of our showroom. Our local dealership keeps a great stock of used cars, trucks and SUVs in inventory. With competitive prices offered on every pre-owned model for sale on our lot, you won't find a reason to visit any other dealership in Ledgewood.

We keep you going

Our service team at Towne Toyota will treat your vehicle like one of our own. We're by your side whenever you need any car service and repair work done in Ledgewood. What's more, our auto parts team would be happy to get you whatever you need to keep your vehicle on the road for many miles to come.

Notes from the dealer

This Toyota won't be on the lot long!

It offers the latest in technological innovation and style. The following features are included: a tachometer, fully automatic headlights, and air conditioning. Under the hood you'll find a 4 cylinder engine with more than 150 horsepower, and for added security, dynamic Stability Control supplements the drivetrain.

Our sales reps are knowledgeable and professional. They'll work with you to find the right vehicle at a price you can afford. We are here to help you.

Peace of mind

Factory warranty

36 months/36,000miles from the vehicle's original in-service date

KBB.com Consumer Reviews

4.0 out of 5 overall ★★★½☆

4.0 **Serious Infotainment Issues. Otherwise Perfect**
by Maine jo | 8/28/2026 10:07:41 PM

Just as the title says, some serious issues with the infotainment system, like taking a while to connect to the phone even with a cable. Has trouble with Bluetooth and changing from one phone to the next. Phones are not labeled, only as iPhone, iPhone 2 etc. making figuring out which one to use confusing. Otherwise car is perfect.

5.0 **2026 Toyota Corolla LE - White**
by 26 Rolla | 8/22/2026 4:33:11 PM

There's alot of trims but the le in my opinion is the best trim which is what I currently own! It comes with the 2.0 4 cylinder instead of the smaller 1.8 like before which before u had to spend more money for the se just to get the bigger 2.0 engine! it has a regular ignition instead of a push button start that's easy to steal and more complicated. No sunroof that can leak and heat up the car, comfortable cloth manual seats that'll last. Hubcaps that are cheap to replace, simple interior, buttons and knobs for the volume and

4.0 **Slow Uptake, Annoying Storage Issues**
by Anonymous Reviewer | 6/21/2026 6:04:22 AM

I loved my 2021 Corolla Hybrid -- everything but the uncomfortable front seat. I particularly liked the powerful acceleration a hybrid offers. I just bought a '26 non-hybrid Corolla LE and am already a bit disappointed. Once again, the driver's seat is uncomfortable. Worse, the acceleration seems sluggish (and potentially dangerous), as well as very noisy compared to the hybrid. Also, mysteriously, this model, unlike the hybrid, has less interior storage room; there are no handy storage units attached to the backs of the

A/C, it has a mechanical shifter instead of a stupid button, the CVT transmission has a 1st gear and it's made more durable then the average cvt, think about it Toyota has been making cvt transmissions since the Prius came out in the 90's, the e cvt in the hybrid is a really good transmission as well! But I prefer simple gas cars since that's what I always had and never had any problems, the digital speedometer is pretty nice although I prefer a analog speedometer. Comes with led lights from the factory with auto high beams, and best of all cruise control with lane assist so basically auto pilot! This is just my opinion, there's plenty of models and trims for everybody, get one that you like!
Show less

front seats, and no room for maps or anything else in the side pockets on the doors. (There's supposedly room there for bottles, but it's as the traditional map pockets were deliberately misshaped to make them useless for ordinary storage.) I say "mysteriously" because eliminating these simple, convenient storage areas certainly could not have saved Toyota any money.

Notes from the dealer

Looking for a new car at an affordable price? Check out this 2027!

This vehicle has the features you need in a size that makes sense! Toyota paid particular attention to efficiency and practicality with the following features: a tachometer, lane departure warning, and cruise control. It features a continuously variable transmission, front-wheel drive, and a 2 liter 4 cylinder engine.

With a friendly and knowledgeable sales staff, superb customer care, and competitive prices, our dealership is a great place to do business.

Peace of mind

Factory warranty

36 months/36,000miles from the vehicle's original in-service date

KBB.com Consumer Reviews

4.0 out of 5 overall ★★★½☆

4.0 **Serious Infotainment Issues. Otherwise Perfect**
by Maine jo | 8/28/2026 10:07:41 PM

Just as the title says, some serious issues with the infotainment system, like taking a while to connect to the phone even with a cable. Has trouble with Bluetooth and changing from one phone to the next. Phones are not labeled, only as iPhone, iPhone 2 etc. making figuring out which one to use confusing. Otherwise car is perfect.

5.0 **2026 Toyota Corolla LE - White**
by 26 Rolla | 8/22/2026 4:33:11 PM

There's alot of trims but the le in my opinion is the best trim which is what I currently own! It comes with the 2.0 4 cylinder instead of the smaller 1.8 like before which before u had to spend more money for the se just to get the bigger 2.0 engine! it has a regular ignition instead of a push button start that's easy to steal and more complicated. No sunroof that can leak and heat up the car, comfortable cloth manual seats that'll last. Hubcaps that are cheap to replace, simple interior, buttons and knobs for the volume and A/C, it has a mechanical shifter instead of a stupid button, the CVT transmission has a 1st gear and it's made more durable then the average cvt, think

4.0 **Slow Uptake, Annoying Storage Issues**
by Anonymous Reviewer | 6/21/2026 6:04:22 AM

I loved my 2021 Corolla Hybrid -- everything but the uncomfortable front seat. I particularly liked the powerful acceleration a hybrid offers. I just bought a '26 non-hybrid Corolla LE and am already a bit disappointed. Once again, the driver's seat is uncomfortable. Worse, the acceleration seems sluggish (and potentially dangerous), as well as very noisy compared to the hybrid. Also, mysteriously, this model, unlike the hybrid, has less interior storage room; there are no handy storage units attached to the backs of the front seats, and no room for maps or anything else in the side pockets on the doors. (There's supposedly room there for bottles, but it's as the

about it Toyota has been making cvt transmissions since the Prius came out in the 90's, the e cvt in the hybrid is a really good transmission as well! But I prefer simple gas cars since that's what I always had and never had any problems, the digital speedometer is pretty nice although I prefer a analog speedometer. Comes with led lights from the factory with auto high beams, and best of all cruise control with lane assist so basically auto pilot! This is just my opinion, there's plenty of models and trims for everybody, get one that you like!
Show less

traditional map pockets were deliberately misshaped to make them useless for ordinary storage.) I say "mysteriously" because eliminating these simple, convenient storage areas certainly could not have saved Toyota any money.

Notes from the dealer

This vehicle won't be on the lot long!

Packed with features and truly a pleasure to drive! The engine breathes better thanks to a turbocharger, improving both performance and economy. Top features include heated front seats, a power seat, rear wipers, and 1-touch window functionality. Under the hood you'll find a 4 cylinder engine with more than 200 horsepower, and for added security, dynamic Stability Control supplements the drivetrain. Four wheel drive allows you to go places you've only imagined.

We pride ourselves in the quality that we offer on all of our vehicles. Please don't hesitate to give us a call.

Peace of mind

More about us

KBB.com Consumer Reviews

4.3 out of 5 overall

5.0 **Modern Power, Timeless 4Runner Toughness**
by Kirby | 1/28/2026 4:01:49 AM

After putting just over 13,000 miles on my 2025 Toyota 4Runner TRD Off-Road Premium with the 2.4L turbocharged four-cylinder hybrid, I can confidently say this is the most well-rounded and refined 4Runner Toyota has ever built. The hybrid powertrain completely transforms the driving experience, delivering immediate torque that makes city driving, highway merging, and passing effortless while still feeling smooth and composed rather than overly aggressive. The transition between electric and gas power is seamless, and the added efficiency is noticeable without sacrificing the rugged, body-on-frame character that defines the 4Runner. On the road, it feels more planted and comfortable than previous generations, with improved ride quality and reduced noise, yet it never loses its solid, overbuilt feel. Off-road, the TRD Off-Road Premium trim remains extremely capable, with crawl control, multi-terrain select, and a locking rear differential working especially well with the hybrid's low-end torque to provide excellent control in rough or uneven terrain. The interior strikes a smart balance between modern technology and durability, with intuitive controls, reliable infotainment, and comfortable SofTex seating that holds up well to daily use. After thousands of miles, the truck still feels tight, well-assembled, and confidence-inspiring, with no rattles or issues to note. It's not a luxury SUV or a performance vehicle, but it doesn't try to be. This vehicle is a dependable, capable, and thoughtfully modernized 4Runner that feels built for long-term ownership, and one I would absolutely choose again.
Show less

5.0 **Excellent Look And Feel**
by Dave | 1/15/2026 1:22:21 PM

Amazing upgrade in the 6th gen 4Runner to the tech! I love the bigger screen and all the little things like the rear camera washer. I feels a bit smoother to drive and more planted on snowy roads.
Show less

5.0 **Feel Great Driving It !**
by D W | 12/18/2025 2:50:19 AM

It's rides sturdy , turns easily and the tech is impressive. I feel just great driving it . So many driving modes and I love the chunky look!

Notes from the dealer

Check out this 2026!

It offers the latest in technological innovation and style. A turbocharger further enhances performance, while also preserving fuel economy. This model accommodates 7 passengers comfortably, and provides features such as: variably intermittent wipers, a power liftgate, and a split folding rear seat. Under the hood you'll find a 4 cylinder engine with more than 200 horsepower, providing a smooth and predictable driving experience. Well tuned suspension and stability control deliver a spirited, yet composed, ride and drive

Our experienced sales staff is eager to share its knowledge and enthusiasm with you. They'll work with you to find the right vehicle at a price you can afford. Stop in and take a test drive!

Peace of mind

Factory warranty

36 months/36,000miles from the vehicle's original in-service date

Modern Power, Timeless 4Runner

5.0 **Toughness**
by Kirby | 1/28/2026 4:01:49 AM

After putting just over 13,000 miles on my 2025 Toyota 4Runner TRD Off-Road Premium with the 2.4L turbocharged four-cylinder hybrid, I can confidently say this is the most well-rounded and refined 4Runner Toyota has ever built. The hybrid powertrain completely transforms the driving experience, delivering immediate torque that makes city driving, highway merging, and passing effortless while still feeling smooth and composed rather than overly aggressive. The transition between electric and gas power is seamless, and the added efficiency is noticeable without sacrificing the rugged, body-on-frame character that defines the 4Runner. On the road, it feels more planted and comfortable than previous generations, with improved ride quality and reduced noise, yet it never loses its solid, overbuilt feel. Off-road, the TRD Off-Road Premium trim remains extremely capable, with crawl control, multi-terrain select, and a locking rear differential working especially well with the hybrid's low-end torque to provide excellent control in rough or uneven terrain. The interior strikes a smart balance between modern technology and durability, with intuitive controls, reliable infotainment, and comfortable SofTex seating that holds up well to daily use. After thousands of miles, the truck still feels tight, well-assembled, and confidence-inspiring, with no rattles or issues to note. It's not a luxury SUV or a performance vehicle, but it doesn't try to be. This vehicle is a dependable, capable, and thoughtfully modernized 4Runner that feels built for long-term ownership, and one I would absolutely choose again.

5.0 **Excellent Look And Feel**
by Dave | 1/15/2026 1:22:21 PM

Amazing upgrade in the 6th gen 4Runner to the tech! I love the bigger screen and all the little things like the rear camera washer. I feels a bit smoother to drive and more planted on snowy roads.
Show less

5.0 **Feel Great Driving It !**
by D W | 12/18/2025 2:50:19 AM

It's rides sturdy , turns easily and the tech is impressive. I feel just great driving it . So many driving modes and I love the chunky look!

Notes from the dealer

Check out this 2026!

Comfortable and safe in any road condition! The engine breathes better thanks to a turbocharger, improving both performance and economy. Top features include leather upholstery, speed sensitive wipers, a tonneau cover, and the power moon roof opens up the cabin to the natural environment. It features four-wheel drive capabilities, a durable automatic transmission, and a refined 6 cylinder engine.

A test drive is waiting for you. Call now to schedule an appointment to our dealership.

Peace of mind

Tracker system: Safety Connect (up to 10-year trial subscription)	Traction control	

Notes from the dealer

This vehicle won't be on the lot long!

A versatile hatchback seating as many as 5 occupants with ease! Toyota prioritized practicality, efficiency, and style by including: 1-touch window functionality, an automatic dimming rear-view mirror, and cruise control. Under the hood you'll find a 4 cylinder engine with more than 150 horsepower, and for added security, dynamic Stability Control supplements the drivetrain.

We pride ourselves in the quality that we offer on all of our vehicles. Please don't hesitate to give us a call.

Peace of mind

Factory warranty

36 months/36,000miles from the vehicle's original in-service date

More about us

KBB.com Consumer Reviews

4.1 out of 5 overall ★★★★½

5.0 **I'm A Loyal Prius Driver!**
by Rosemary D | 7/31/2025 9:18:20 AM

This is my fifth Prius so far but this one is a real stylish upgrade from my others. I love the sleek look and performance. I am having a hard time keeping my mpg even up to 48 mpg. The seats are not nearly as comfortable as my past ones. I am sorry about the color choices not including any green but I absolutely love the blue. The stereo is still a difficult for me but it's worth having the upgraded sound system. Everything about is just perfect for me!

Show less

5.0 **So Glad I Bought This Car**
by Roxy | 7/6/2025 3:53:07 PM

I bought this car at the end of December due to my job location changing. I was hesitant because I live in an area with great public transportation, but now I am so glad I own a car. The Prius is very reliable, great with city driving, and AMAZING gas mileage! The 2024 Prius is very spacious and modern. I love the large display screen, moon roof, and all the sensors (makes parallel parking a breeze)

Show less

5.0 **A Nice Surprise!**
by Eric | 5/5/2025 1:31:24 PM

I test drove a 2025 Prius XLE, Mazda Miata, and Subaru Crosstrek after driving a Toyota 4-Runner for 5 years. I expected good reliability and was taken by surprise with the ride and roominess so I decided to purchase one. I've been driving it for 3 months / 2,000 miles and absolutely love it! It handles like a sports car, taking on curvy backroads just as nicely as the Miata and with better acceleration. I'm 6-ft and find the fit is just right for me. Some reviews talk about an obstructed view of the instrument cluster but I find no problem with it. Limited headroom in the back is to be expected with the sleek design and I find it much better than sports cars of this size. The steering wheel and seat adjustment options take care of that. The hatchback design offers much more room than the Miata and it has 4 doors and a backseat. It has just as much storage as the Subaru, and much better performance and comfort. The build quality feels solid for such a small car and I'm confident I will get many miles of low mpg reliability with this beauty (54 mph without really trying).

KBB.com Consumer Reviews

5.0 out of 5 overall ★★★★★

5.0 **Love My Sequoia!**
by Starr | 3/26/2026 5:16:27 PM

We drove every single SUV on the market and compared all the prices. We got everything we wanted in the Sequoia! The value for the price outweighed all the smaller SUVs for the slightly lower price points. The trunk space is def. smaller compared to other SUV options but it works well and I have 3 little ones. I am 5 months in and I am getting about 18mpg. Love the interior and all the features of having a Capstone. Only complaint is the JBL speakers aren't loud enough for me & the screen is yearssssss behind Tesla- but that's not apples to apples. Overall, love it!
Show less

5.0 **Love Mine!**
by Roolou | 1/9/2026 2:54:00 PM

No the storage area doesn't bother me. I actually really like it because I keep my tire inflator, and some other stuff down on the bottom there with the whole second larger area to put things without moving things around. I did turn off the engine noise from the speakers. It has 2 extra speakers, so it's not the same JBL setup as in the other trims. The acoustics glass really does make a difference in the Capstone trim. Seat heaters work well when comparing to years prior for Toyota. White and black is actually easy to clean even with kids. Wish they would have kept it for 2026. I also must have the panoramic sunroof because in the PNW we barely get sunshine so when we do I want to see it.

5.0 **Excellent Power**
by Alani | 3/3/2024 3:42:58 PM

I love my Sequoia, it has massive power and easy to drive. I don't mind the trunk space, I am able to push the 3rd row of seat forward and hall what I need. After initial break in period I am getting 19 miles per gallon on average.

Toyota Financing Extended Protection Plans & Insurance Options at Towne Toyota - https://www.townetoyota.com/finance-and-insurance-portal.htm

Screenshot

Finance and Insurance

Financing Options

We offer many programs to help you get behind the wheel of your new vehicle, including options for loan customization, low competitive rates, no down payment* and flexible loan terms. * Subject to credit approval

GAP Protection

Whether you are leasing or financing, Guaranteed Auto Protection (GAP) can help protect you from coming out of pocket to pay expenses you may face with a total vehicle loss. When a vehicle is declared a total loss, the primary auto insurance settlement is generally based on the market value of the vehicle. This amount may be substantially less than the balance due on the vehicle. The financial gap remaining is a difference that you have to pay. If you have an incident where your car is declared totaled and you still owe more on your finance or lease contract, GAP can lessen or even eliminate your remaining balance, Including your insurance deductible in most states. With Guaranteed Auto Protection, you can rest assured that you and your family are protected from the burden of an unexpected financial obligation if your vehicle is ever declared a total loss. GAP is only available at the time you purchase or lease an eligible new or used vehicle. click to hide

Key Replacement

Alleviate stress, fear and expense when faced with lost, stolen, or destroyed keys. Many keys incorporate computer chips for remote locking systems, trunks and starters Replacing and reprogramming these highly engineered keys can be costly. The approximate cost to replace and reprogram keys for your vehicle is generally between $250 -$550. The Key Replacement Program provides you with a replacement key and covers programming costs for missing or damaged keys. Additionally, it provides emergency roadside assistance and lock-out service. The Key Replacement Program will take the aggravation out of lost, stolen or damaged keys and provides you with an invaluable level of assurance.

click to hide

Tire and Wheel Protection

Protect your tires and wheels from the hazards of the road. No matter how carefully you drive, inevitably you will encounter glass, nails, debris, pesky potholes and other road hazards that can leave you with a tire or wheel in need of repair, or possibly replacement. With comprehensive Tire & Wheel Protection, you can travel the roads with a peace of mind knowing that your tires and wheels will be covered in the event of damage from eligible road hazards, while including emergency roadside assistance.

click to hide

Prepaid Maintenance

Regular scheduled maintenance is one of the best ways to keep your vehicle running at its best. Why not start off on the right foot with a prepaid maintenance plan? Prepaid maintenance plans make it easy to keep your vehicle running at its best by ensuring it gets the recommended scheduled maintenance such as oil and filter changes, air cabin filters, tire rotations, etc. as outlined in your vehicle owner's guide. With the rising costs of products and services, many consumers welcome the chance to lock in a set price for the necessary general maintenance of their vehicle, and be free of any hassles and worries for the duration of the maintenance plan. Prepaid maintenance plans are available in various terms and mileage intervals. Find a prepaid maintenance plan that's right for you and have peace of mind that your vehicle is well maintained for the road ahead.

click to hide

Excess Wear and Use Damage

It's a lot more fun to be thinking about your next vehicle at the end of your lease. Thanks to Excess Wear & Use Protection you won't be worrying about how to pay for certain dents and dings when you turn in your vehicle.

You'll Get:

•Protection from qualifying excess wear and use charges at the end of your lease
•Excellent product features and coverage, for example torn seats, body dents, etc.
•High program limits:
*Each single event valued at $1,000
*Each missing part or equipment valued at $200
*Up to a maximum of $5,000
•A simple claim process:
*No claims to submit
*No deductibles to pay
*No reimbursement to request

click to hide

Vehicle Service Agreement

Get protection for the road ahead. With the advanced technology in today's vehicles, repairs can be costly and are often unpredictable. Enjoy worry-free driving with a Vehicle Service Contract. A Vehicle Service Contract can help protect you against unexpected repair costs and significant out-of-pocket expenses that may be required after your manufacturer's warranty has expired. Vehicle Service Contracts are available in several mileage/term combinations and coverage levels to meet your budget and specific needs. Whether you need added protection for a newer car or you want affordable protection for a high-mileage vehicle, a Vehicle Service Contract will keep you covered.

Towne Toyota has been family owned and operated for over 40 years in Ledgewood, New Jersey. We have a wide selection of new, certified, and pre-owned cars, trucks, and vans, at great prices! Our Toyota Service department is convenient and strives to provide our customers with top quality auto repair service while remaining competitive with our pricing. We ensure that our customers have a positive experience throughout the life of their vehicle. Your complete satisfaction is our goal!

In addition to providing the drivers of Ledgewood, New Jersey with a great selection of new Toyota Camry, Toyota Corolla, Toyota Highlander, Toyota RAV4 vehicles and used cars, we at Towne Toyota are dedicated to all of your automotive needs. Namely, that includes helping you find the model that best suits your lifestyle and your budget through conversations with our sales consultants and Toyota and Scion lease and financing experts.

But wait, there's more. After you've left our showroom and driven your new car home, our longstanding relationship has only just begun. Over the miles that you and your Toyota or Scion car share, our Toyota Camry, Toyota Corolla, Toyota Highlander, Toyota RAV4 and Scion tC service technicians are available to carry out your model's routine maintenance needs. Moreover, our comprehensive parts department houses all the fixings that do-it-yourself drivers require when electing to tackle their own automotive repairs.

In summary, we at Towne Toyota are looking forward to assisting you in the ways in which match your automotive needs. To learn more about the products and services that our team provides, we welcome you to visit our showroom at your earliest convenience. Housed nearby at 1499 Route 46 W Ledgewood, New Jersey we're happy to continue the conversation and answer any questions.
